

# SIMPLE THINGS YOU CAN DO FOR P2

(POLLUTION PREVENTION)

- PARTICIPATE in a beach clean-up day.
- DO NOT litter. Throw trash away before leaving the area. *Heavy rains wash trash into storm drains, which run directly to rivers and beaches. Animals such as birds, fish and mammals, mistake trash for food.*
- PROPERLY DISPOSE of unused toxic household cleaners and used motor oil. *Many common household cleaners contain hazardous ingredients.*
- SELECT products with minimal packaging. *Packaging makes up 1/3 of our trash.*
- AVOID using non-recyclable materials such as styrofoam so that they do not end up in landfills. *The amount of trash disposed in LA County is enough to fill Dodger Stadium every 11 days.*

## For more information:

1. Call (562) 570-1471 to participate in a beach clean-up day.
2. Call (562) 570-2876 to take toxic household cleaners or motor oil to hazardous waste facilities.
3. Visit these websites:
